

THE SOUTHWEST OHIO CORN GROWERS
Jeffery Hoak 6180 Hornbeam Rd. Sabina, Ohio 45169 937-584-4029

To: Potential Exhibitors

Re: August 12, 2009 Field Day

The Southwest Ohio Corn Growers are currently planning our annual comparison plot field day for the 2009-growing season representing 20 key seed corn companies and their hybrids. The plot is located on the Fayette County Farm, north of Washington C.H. on St. Rte. 38. beside the Fayette County Airport. Signs will be posted.

We invite any Agricultural related business to join us during this event. For a \$50.00 fee, we will provide your company with a display area. Tents will be provided for small booth displays. All larger displays can erect their own tent. Exhibitors displaying large machinery should be in place any time the day of August 11. The gate to the plot will close to traffic at 9:00 A.M. on Aug.14. You should have your exhibits in place before this time. Please call Fayette County Extension Agent, John Yost, @740-606-2218 with any questions concerning equipment delivery and placement.

This year's plot will again be in conjunction with the Fayette Co. Agronomy Club, they will be having tours of their corn and soybean plots and other displays. Enclosed is a flyer to fully explain the field day.

Deadline for a reserved booth is August 7 2009

Please return your Exhibitor information form and check payable to Southwest Ohio Corn Growers to:

John Yost
OSU Extension
1415 SR 22 SW, Suite 100
Washington Court House, Oh 43160

Thank you for your time and consideration.
