

What is ServSafe® ?

ServSafe® has become the industry standard in food-safety training and is accepted in almost all United States jurisdictions that require employee certification.

The ServSafe® program provides accurate, up-to-date information for all levels of employees on handling of food, from receiving and storing to preparing and serving. Topics include food-borne illnesses, food management systems, sanitary facilities, and food safety regulations.

Food Handler Training

The program blends the latest FDA Food Code, food safety research and years of food sanitation training experience. All content and materials are based on actual job tasks identified by foodservice industry experts.
